The diagram illustrates a network topology with three devices: a switch on the left, a router in the middle, and another switch on the right. The switch on the left has two interfaces, G1 and G2, both connected to the router's G3 interface. The router's G3 interface is also connected to the switch on the right. The switch on the left has a 'BYE' label next to its G1 interface and an 'Andrew MURRAY' label next to its G2 interface. The router has a 'BYE' label next to its G3 interface. The switch on the right has an 'Andrew MURRAY' label next to its interface. The diagram shows a loop between the two switches and the router.
